

## Further training for our employees

Ongoing in-company training is very important for our production site in Slovakia. Our employees are a crucial factor determining the quality of our products. We are relying upon further training being repeated on an on-going basis to ensure that our employees have the right qualifications.

At our production sites in Slovakia we offer the following:

### Further training by internal specialists

- Training for those at the beginning of their careers
- Training at selected work stations
- Training in accordance with the requirements of VDA und APQP

### Advanced training by external specialists

Experienced and qualified trainers from external institutes support the advanced training provided for our employees:

- Requirements of ISO certification
- Customer requirements
- Implementation of statutory regulations
- Management training
- Selective advanced training for employees dependent upon work station requirements

### Language courses

with professionally-qualified teachers for German and English rounds off what is available for our employees.
